MY PORTFOLIO

BACHELOR OF SOFTWARE ENGINEERING (HONOURS)

A dedicated Bachelor of Software Engineering (Honours) student at Tunku Abdul Rahman University of Management and Technology, deeply passionate about technology and equipped with strong proficiency in **Java, Python, and C++**, along with expertise in database management and software design principles, actively seeking opportunities to drive innovation and contribute to the dynamic field of software engineering.

WORK EXPERIENCE

Software Engineer Intern | Hotayi Electronic · Internship **HOTAYI** Feb 2024 - Aug 2024

- Proficient in **VB.NET** for application development, focusing on robust solutions. (6 month)
- Skilled in **Microsoft SQL Server for database design**, optimization, and manipulation.
- Experienced in **Git for version control**, enabling seamless collaboration.
- Developed practical skills in development, **database management, and version control**.
- Valuable asset to project teams with expertise in **VB.NET, SQL Server, and Git**.

Machine Programmer | ECA Advanced Solutions Sdn Bhd  May 2022 - Jul 2022

- Proficient in **C# programming language** for designing and programming complex applications. (3 month)
- Skilled in **communicating effectively with machines** for precise task execution.
- Dedicated to continuous learning and staying updated with new technologies.
- Committed to pushing the boundaries of automation and technology in **machine programming**.
- Passionate about contributing to the **advancement of automation** in modern world.

PLC Programmer Intern | ATEC TECHNOLOGY SDN BHD · Internship Oct 2021 - Jan 2022

- Experienced PLC programmer with strong communication skills and a deep understanding of **PLC languages**. (4 month)
- Confident in tackling complex projects and providing innovative **automation solutions**.
- Committed to staying updated with industry trends and exploring advanced **PLC concepts**.
- Actively engaged in **open-source projects** to enhance knowledge and skills.
- Passionate about **problem-solving and dedicated** to staying at the forefront of automation technologies.

SKILLS

- **Backend Development:** VB.NET, .NET Core, Python, PHP, C#, Node.js, MySQL, Firebase
- **Frontend Development:** HTML, CSS, JavaScript, Kotlin, Flutter
- **Development Environments:** Visual Studio, Visual Studio Code, PyCharm, Jupyter Notebook
- **Database Management:** MySQL, Firebase

EXTRA CO-CURRICULAR

- **LDDS The Lights** | Committee - Logistics Department (Nov, 2022)
- **TARUMT x FYP Day x IdeaPesta 2023** (May, 2024)

EDUCATION

Bachelor of Computer Science (Honours) in Software Engineering

Jul 2022 - Jul 2024

Tunku Abdul Rahman University Of Management And Technology 

- CGPA : **3.33**
- **Bachelor of Software Engineering** graduate with expertise in programming languages, development methodologies, and system design principles.
- Proficient in project management, quality assurance, cybersecurity, and artificial intelligence.
- Demonstrated ability to apply theoretical knowledge in real-world projects, adept at problem-solving and contributing effectively in fast-paced software engineering environments.

Diploma in Information Technology

Jun 2020 - Jun 2022

Tunku Abdul Rahman University Of Management And Technology 

- CGPA : **3.4017**
- **Diploma in Information Technology** graduate proficient in Java, Python, and C++, with a strong emphasis on hands-on projects enhancing problem-solving skills and understanding of algorithm design and data structures.
- Experienced in database management, networking principles, and system administration, enabling the creation and maintenance of intricate IT infrastructures.
- Passionate about innovation and well-equipped to pursue diverse career opportunities in the dynamic technology sector, with exposure to emerging technologies like artificial intelligence and machine learning.

SMK Jalan Damai | secondary school

Jan 2015 - Nov 2019

- Achievement : **2A 1A- 2C+ 1C 1D**
- Successfully completed **Sijil Pelajaran Malaysia (SPM)**, showcasing dedication and commitment.
- Developed resilience and character through rigorous exam preparation.
- Recognized the SPM experience as instrumental in shaping future opportunities and personal growth.
